**REF: FSD18-47**

---

## SCOPE OF PROJECT

To provide a dedicated Magento2 hosting solution for;  
– **www.bioair.co.uk**

## HOSTING

Based on the information provided, we have made the following recommendation to handle both the development and production environment for your new site.

### **Recommended Server:**

Intel Xeon Quad Core 3.7Ghz, 8 Threads  
2x1TB SATA HDD (RAID 1)  
32GB Ram  
1Gbits/s network  
Unlimited bandwidth  
SLA's

As part of the setup procedure we configure the server for optimal Magento2 performance utilising; PHP-FPM, Gzip, Opcache, Redis and Nginx. This will provide a stable and fast platform for your website.

All our hosting solutions are fully managed, meaning any issues or further setup required is carried out for you. We also offer fully managed backups and site monitoring to provide disaster recovery and additional peace of mind.
